OUR MISSION

Integrity

We ensure customer confidence as we provide services in accordance with the Laws unlike Agents who are involved in unethical, unprofessional behavior. For this reason, the quality of many C&F firms and individual agents in the region is suspect. There is a continuing problem in Tanzania of inexperienced agents filling documents that misrepresent the characteristics and value of the cargo in order to “facilitate” processing, such low skill levels and unprofessional behavior raise costs for the importer and also help to perpetuate a culture of corruption which is detrimental to economic growth and development.

Punctuality

In order to reduce the cost of conducting Trade in Tanzania which constantly rises due to the longer waiting times for freight in the shipyard as well as the inefficient customs processes that result in costly errors and delays, Addition to that the poor infrastructure and also physical constraints in the ports can cause delays and confusion. Therefore we at MIRZA FAST LOGISTICS LIMITED are there to ensure our clients receive their cargo within the required time cautiously always considering all the fragmentations observed in the Tanzanian logistics system.

Reliability

In keeping with our status as one of the early pioneers in forwarding and customs clearance MIRZA FAST LOGISTICS LIMITED 's management has implemented a system whereby we will provide you with status reports at your convenience of all your cargo as it progresses on a daily basis by using company e-mail addresses. Furthermore, all the computers have internet, and are connected to a server and thus providing networking solutions, enabling all our staff to access Global Status Reports which indicates movements of cargo all over the world. In addition, we can download all the relevant documents and access containers or vessel information through all the shipping lines websites.
